Education

IIIT Kota – B.Tech (CSE)

Kota, Rajasthan, India — Aug 2024 – Aug 2028

Core Technical Skills

Languages

C++, Python, Java, JavaScript, HTML5, CSS3

Web Development

Vanilla JS, GSAP (ScrollTrigger), Canvas API, requestAnimationFrame, IntersectionObserver

Machine Learning & CS Fundamentals

Machine Learning

NumPy, Pandas, Scikit-learn; supervised & unsupervised learning (learning)

CS Fundamentals

Data Structures & Algorithms, OOP, DBMS

Tools & Platforms

Dev Tools

Git, GitHub, GitHub Pages, VS Code, Linux (CLI)

Productivity

Microsoft Excel

Competitive Programming

LeetCode

Ramandeep1208 — 350+ problems solved across difficulty levels

Ratings

Codeforces: 899 (Newbie) | CodeChef: 1220

Cross-platform

500+ problems solved total; regular contest practice for time-complexity and optimal design

Highlighted Project – Game of Thrones Experience

HTML, CSS, JS, GSAP — June 2025. Built a scroll-driven cinematic landing page that scrubs video frame-by-frame synced to scroll across six animated chapters, enabling smooth 60fps scrubbing and sub-50ms chapter transitions.

Project – Money Heist Fan Page

HTML, CSS, JavaScript — June 2025. Interactive landing page with Canvas-based mouse-trail reveal effect transitioning between two layered images, custom offscreen compositing, radial glow, and a 60fps requestAnimationFrame loop.

Certifications & Courses

- 1

AI/ML Course – Aiacademia

Ongoing: Supervised & Unsupervised Learning, Model Evaluation, Python (NumPy, Pandas, Scikit-learn) — 2025–Present
- 2

TCS iON – AI Basics & Soft Skills

AI Basics (2026); Professional Soft Skills Training (7 modules) — Jun 2026
- 3

Anthropic – MCP

Introduction to Model Context Protocol — Certificate of Completion (2026)

CERTIFICATE OF COMPLETION

This award is presented to

Hannah Swanson

in recognition of her completion of our
sitenamehere course

Samantha Henderson
Institute Director

Barbara Mercado
Course Supervisor

Achievements & Milestones

Problem Solving

350+ LeetCode problems; 500+ across platforms within first year of competitive programming.

Contest Performance

Rated contest participation on Codeforces (899) and CodeChef (1220) showing steady progress.
